

I am a Computer Science Student I am a dedicated Computer Science Student, passionate about expanding my knowledge and skills in Software Engineering. I am driven to continuously improve and grow, always seeking new challenges and opportunities to enhance my expertise.

EXPERIENCE

JUN 2023 - OCT 2023

de Lazy Lizard - Ocean City, USA

Effectively managed multiple tasks, showcasing strong organizational skills and adaptability in a fast-paced setting. Collaborated seamlessly with team members to ensure a cohesive and efficient workflow.

APR 2023 - JUN 2023

Cloud - laboratories Bitdefender - Timisoara

Learned about cloud technologies including Docker and Kubernetes for containerization and orchestration, FastAPI for REST APIs, Redis, RabbitMQ, MongoDB, and the ELK stack for data management and analysis.

OCT 2022 - APR 2023

Google Developer Student Club Cloud - React-Native – laboratories

Learned React Native development and actively collaborated on GitHub projects. Gained hands-on experience in cross-platform app development and efficient code collaboration, preparing for impactful roles in software engineering.

CONTESTS / PROJECTS

MAY 2023

Awarded by Continental for creating an in-car app for entertainment. Our app "Car-aoke", is a fun and competitive way to sing songs with your friends.

Timisoara I gained experience working on a project using ASP.NET and EF Core for backend development, React for the frontend, and deploying applications on Azure, all while adhering to Clean Code principles.
